ABOUT US

PRAHARSH
— INFRASTRUCTURE —

Praharsh Infrastructure is a fast-growing infrastructure, electrical, solar energy, and government supply company based in Lucknow, Uttar Pradesh.

The company specializes in execution of government infrastructure projects, public lighting systems, electrical installations, solar energy solutions, healthcare supplies, sanitation products, and civil development works.

With strong technical expertise and a commitment to quality, Praharsh Infrastructure has successfully executed several government-approved projects across Uttar Pradesh through UPSIC, DRDA, Nagar Panchayats, and various government departments.

We focus on delivering innovative, reliable, cost-effective, and sustainable infrastructure solutions that contribute toward smart urban and rural development.
